

TradesPlusCover

It's important to 'prep' thoroughly for every job

TradesPlusCover policies have been designed to provide a high level of protection for painters and decorators at a low cost, with the option of Broadform Liability (\$10m and \$20m) and/or cover for your tools, plant and equipment.

Liability

- Cover for your contractors and sub-contractors whilst performing work for you
- Automatic principals cover
- Overspray cover
- Cover for goods in your care, custody or control up to \$250,000

Tools & Equipment

- Cover for tools, plant and equipment against accidental loss or damage
- Cover for tools, plant and equipment if stolen from an unlocked building or vehicle
- No need to specify each and every item under \$5,000 in value
- Loss of records covered up to \$10,000

Claim Examples

Liability

John was spray painting for a client on their 3 story commercial property, there was a strong wind which caused some of his product to spray across the business carpark affecting 20 cars in total with an estimated \$100,000 in paint rectification works. John's policy insured through EBM responded and rectified the damages to all vehicles minus John's policy excess.

Liability

Sharon was painting a residential home and left a ladder out, against the house. A child climbed up on it and fell and broke their arm. Sharon's policy insured through EBM responded and paid for the child's medical bills minus Sharon's policy excess.

Tools & Equipment

Jim has a trailer for all of his painting equipment and accidentally left it unlocked overnight outside of his house. The next morning Jim discovered all of the equipment had been stolen. Despite the vehicle not being locked or secured he received the full \$5,000 minus his policy excess in return.
